Postgraduate Diploma in Accounting & Finance

Nature and Objectives

This postgraduate diploma program is designed for non-accounting degree holders who want to become an accounting professional within a short period of approximately 8 months. For degree holders who have some accounting knowledge or had gained partial accounting professional qualification(s), this program will assist them to accelerate their completion of the world renowned ACCA professional qualification(s). This program consists of series of lectures, assignments and examinations to develop candidates with practical skills and contemporary knowledge on the most needed competency required by the industry. China, the fastest growing economy in the world, becomes part of the WTO (World Trade Organization). A large number of qualified accountants are needed to fulfil the huge demand of foreign companies and local companies operating their businesses in China, Hong Kong and Macau. As Hong Kong is undergoing an economic structure change, many professionals in accounting and finance field are needed to serve and to make Macau as the leading international financial hop in the world.

Program Structure:

The 9 months Postgraduate Diploma program in Accounting and Finance is awarded by ABRs Management and Technology Centre in HK. The program consists of 5 modules. The core of the program will be the financial accounting and management accounting with intention to lead graduates to follow a professional qualification in the future.

The 5 modules are:

- > **Financial Reporting**
- > **Management Accounting**
- > **Auditing**
- > **Business Taxation**
- > **Finance**

This postgraduate diploma in Accounting and Finance program will be operated on a quarterly basis: spring, summer, autumn and winter. Each module consists of face-to-face instructor-led lectures, assignments and one 3 hours examinations. The postgraduate diploma program is one of the most prestige and distinctive program offers in Macau. It continues to attract high numbers of students

Admission Requirement:

Students possess

- 1) a recognized bachelor degree; OR
- 2) a postgraduate degree; OR
